

A QUIET SUNDAY.

No Repetition of the Strike Violence of Last Sunday.

TRADES ASSEMBLY'S ACTION

On the Strike the Principal Development of the day—Talk of Holding Another Business Men's Meeting. A Cincinnati Drummer's Experience at Benwood and Bellaire—Ohio-side Line may be Tied up.

It was a very quiet Sunday in connection with the street car strike—there was none of the violence that made the preceding Sabbath not remarkable for quietness and good order.

The company operated fully as large a number of cars as has been in evidence at any time since the strike was declared two weeks ago, and the company's claim last night was that there had been a considerable increase in the traffic. Even with the increase, however, the travel is but a drop in the bucket compared with the Sunday traffic under normal conditions.

When the cars were started early in the morning, it was found that unknown persons had placed a few obstructions on the tracks in upper Benwood below the company's barns. These were soon removed, and during the day there was not the least violence at any point on the line. Occasionally there was some hooting, but very little of this even.

A Cincinnati drummer boarded a car here in the afternoon and went to Benwood. Upon alighting he was surrounded by a crowd of boys and young men who hooted and cried at the poor commercial traveler with right good will, and followed him to the ferry landing, where one more venturesome than the others pushed him off the float into the river. Continuing their persecution, the crowd, or part of it, went on across the river, and followed the drummer to his hotel. Later in the afternoon he boarded a Baltimore & Ohio train for the west.

It was stated last night that some of the retail business men, who are seeing their trade from Martin's Ferry, Bridgeport, Bellaire and Benwood, diverted to merchants in the towns mentioned on account of the strike, are considering the matter of calling another meeting of business men with the idea of bringing about, if possible, a settlement of the strike. The company, it is understood, takes the position that the business men themselves can solve the trouble by patronizing the road, and that the general public will soon follow in the use of the service.

The service yesterday was maintained until 10:30 o'clock. Cars were run on all branches of the system. A deputy marshal was on board each car. There is no indication as to when the deputy marshals will retire from the scene. It is believed in some quarters that trouble would follow their dismissal.

TRADES ASSEMBLY ACTS.

Resolutions Passed at the Regular Meeting Yesterday.

The Ohio Valley Trades and Labor Assembly met yesterday afternoon in regular session, with a large attendance of delegates, together with a number of spectators and members of the union of street car workers, employees of the Wheeling Railway Company, who are now on strike. Members of the Belmont Trades Council were also in attendance.

A committee on resolutions was appointed by the chair, made up of Messrs. Bauer, Riley and Sims.

Several communications from national labor organizations were received and filed. The street car strikers reported a number of people who have been riding on the cars of the Wheeling Railway Company since the strike was declared. The assembly's officials reported relative to the meeting of the support of the street car strike. It was stated that among the speakers would be President W. D. Mahon, of the street car workers of Detroit; Vice President W. J. Carney, of the Amalgamated Association, of Pittsburgh, and Attorney Charles J. Shuck, of this city. A band, Mr. Meister's, had tendered its services free. It was suggested that an invitation be sent to Judge Jackson, but it met with no favor. "He may come anyhow," said a delegate.

The committee on resolutions reported the following resolutions, on the second of the assembly relative to the strike:

Resolved, That the street car employees of the Wheeling Railway Company, who have conducted a peaceable strike for the past two weeks for no other purpose than a fair compensation for their labor, and

Resolved, That the said employees, who are affiliated with this central labor body, are entitled to the respect and support of the body in their just demand, therefore be it Resolved, That the Ohio Valley Trades and Labor Assembly hereby guarantee to these brothers the power at its command to assist them to win that which they are justly entitled to, and that this assembly thank each individual member of Local Union No. 103 for his sober, manly and lawful conduct during the two weeks past, and earnestly hope they will continue to act in the same creditable manner.

Resolved, That we denounce the employers of those underpaid men, for resorting to all manner of tactics to defeat these employees, such as the refusal to appear before the business men's meeting; the disrespect shown our city and county officials; the importation of a class of men not fit to mix with our people; the invoking of the United States court and the importation of deputy marshals to accomplish that which could have easily been achieved by our local authorities; and lastly, the "government by injunction" process, all of which we view as showing the position of this corporation.

that begged of our citizens the grant of the most valuable free franchise ever bestowed on men.

Resolved, That we request all persons to do as their sympathetic acts prompted them to do the past two weeks, viz., not to patronize the cars, for which this representative labor body extends its deepest thanks.

Resolved, That as union laboring people we denounce the statement of Judge Jackson that we are "communist clubs," as generally inferred, without any respect for the laws of this government, and that we emphasize in our protest against obstructing the cars or for which this representative labor body extends its deepest thanks.

Resolved, That we are determined, as union people and honest citizens to defeat this company, and do so in a lawful and honorable way, to secure justice to our fellow workmen.

President Tighe's resolution for municipal ownership of street railway franchises, was passed as follows:

Resolved, That the city council of Wheeling inquire into the feasibility of municipal ownership of street railways, and under no circumstances grant any franchise of a municipal character without first submitting it to a vote of the people.

Mr. Tighe's resolution to investigate the legality of perpetual franchises (the Wheeling Railway Company's is one) was passed as follows:

Whereas, There appears to be serious doubts in the minds of many of the citizens and tax-payers as to the constitutionality of granting perpetual franchises by the city council, and

Resolved, That the city council be requested to employ competent legal counsel to thoroughly investigate into the constitutionality of said perpetual franchises, and take such other action as may seem to serve the best interests of the city and its citizens in general.

President Tighe said a wave of sentiment for municipal ownership of public utilities is now passing over the country, and Wheeling must be awake and doing. The speaker was especially emphatic in denouncing perpetual franchises. Municipal ownership in Wheeling to-day, he said, would have obliterated the present deplorable street car strike.

Another delegate spoke of recent franchises granted by the city council. Cities where municipal ownership is in evidence were cited by the speaker.

The following resolutions, touching on Judge Jackson's recent lecture from the bench, were adopted and ordered published.

Whereas, The city of Wheeling has had the remembrance of the United States district judge deliver a dissertation in which public officials, citizens in general and labor organizations and their members are depicted as the objects of abuse and severe criticism, which criticism was unjust, uncalled for and unnecessary in every particular; and

Resolved, That we emphatically deny the allegations made against our city officials being unable to preserve the peace and order of the city, without the use of force, and that we believe the citizens of Wheeling and vicinity, irrespective of their vocations, are intelligent enough fair-minded and honest enough to dissect any cause that may come before them and arrive at conclusions, and give their sympathy and support to any and all causes, without the direction of any distinguished jurist.

Resolved, That a copy of these resolutions be sent to Judge J. J. Jackson, United States District Judge.

Other resolutions were passed, thanking the Wheeling public in upholding the honor of the street car strike. State Labor Commissioner Burton, who was present, addressed the assembly. He heartily endorsed the action of organized labor in support of the strike. He was keeping in touch with the strike situation, and one of several reports he had made to Governor Harrison was read, in which he said there was no necessity for state interference.

Mr. George Robinson was asked for his views, and said he was in favor of direct legislation—the referendum—by which the people rule all the time. He hoped Wheeling would one day have a Pinner or a Jones at the head of the city government.

Mr. Louis Hayes, of the direct legislation league, and Mr. Thomas L. Lewis were next heard briefly.

The assembly went into executive session to consider the street car strike.

To a Fair Minded and Generous Public.

The Ohio Valley Trades & Labor Assembly take this method of publicly expressing its deep and sincere thanks to the public in general for its generous action in upholding the fair and just demands of the employees of the Wheeling Street Railway Company for a living wage, and would earnestly ask at your hands a continuation of the same by refraining from riding on the cars of said company until they concede to the requests of their employees.

OHIO VALLEY TRADES & LABOR ASSEMBLY.

Wheeling, April 23.

Resolutions of Sympathy.

Silver Wave Castle No. 11, A. O. K. of M. C., at a meeting held Saturday, unanimously adopted the following:

Whereas, The members of Street Car Employees' Union No. 103 are on a strike for a living wage, and for the recognition withheld from them by the company and its agent, Mr. Shirley, whom we are informed is not an American citizen; therefore be it

Resolved, That we earnestly commend Local Union No. 103, in its just fight, and pledge our support; that we bind ourselves to withdraw our patronage from the road, and all its stockholders, pending settlement of the strike; believing that the loss of the strike would be one more step toward that fearful condition of affairs which is threatened, when men shall rule to the exclusion of brains and character.

Local Union No. 64, N. A. T. S. E.

At a special meeting of Local Union No. 64, Theatrical Stage Employees, held April 23, 1899, the following resolutions were unanimously adopted:

Resolved, That we, the members of Local Union No. 64, of Wheeling, individually and collectively, pledge ourselves to give all moral and financial aid possible to the striking street car employees, and we further pledge our support to the strike until the company or any of its stockholders until the present strike is ended.

STORIES OF RELIEF.

Two Letters to Mrs. Pinkham.

Mrs. JOHN WILLIAMS, Englishtown, N. J., writes:

"DEAR MRS. PINKHAM:—I cannot begin to tell you how I suffered before taking your remedies. I was so weak that I could hardly walk across the floor without falling. I had womb trouble and such a bearing-down feeling; also suffered with my back and limbs, pain in womb, inflammation of the bladder, piles and indigestion. Before I had taken one bottle of Lydia E. Pinkham's Vegetable Compound I felt a great deal better, and after taking two and one-half bottles and half a box of your Liver Pills I was cured. If more would take your medicine they would not have to suffer so much."

Mrs. JOSEPH PETERSON, 513 East St., Warren, Pa., writes:

"DEAR MRS. PINKHAM:—I have suffered with womb trouble over fifteen years. I had inflammation, enlargement and displacement of the womb. I had the backache constantly, also headache, and so dizzy. I had heart trouble, it seemed as though my heart was in my throat at times choking me. I could not walk around and I could not lie down, for then my heart would beat so fast I would feel as though I was smothering. I had to sit up in bed nights in order to breathe. I was so weak I could not do anything."

"I have now taken several bottles of Lydia E. Pinkham's Vegetable Compound, and used three packages of Sanative Wash, and can say I am perfectly cured. I do not think I could have lived long if Mrs. Pinkham's medicine had not helped me."

Contract for Bellaire-Benwood Bridge Said to Have Been

LET TO JUTTE, OF PITTSBURGH

Options Taken on Property on the Bellaire Side of the River Which run for Twenty or Thirty Days—The Amount Involved in the Options on Bellaire Property is \$35,000—Other Options on Benwood Property.

The Bellaire and Benwood Bridge Company has taken options on the Woodbridge property in Bellaire, at the intersection of Central avenue and Belmont street and on all the property north of that for one square, except two pieces bordering on Thirty-fifth street, and \$100 has been paid on each option, which run from twenty to thirty days. The German church property was not taken because the price was regarded as too high, and it is announced that the bridge will come in just north of that property.

A number of options have also been taken in Benwood.

This looks more like business in the way of building the bridge than anything that has occurred since the matter was first talked of. The amount involved in the several options taken will reach \$35,000 and the amount paid down makes it reasonably certain that the deals will be closed.

It was stated yesterday that the contract for building the bridge is practically closed and that W. C. Jutte, of Pittsburgh, will be the chief contractor. Charles Rosser and others in Bellaire are looking after the local end and it is said work will be commenced within a very short time.

Most people in Bellaire and Benwood regard the building of the bridge as a good thing and hope to see it gotten under way this summer.

REACTIONARY ATTITUDE

Of Chinese Government Toward Foreigners—Intolerable Situation.

PEKIN, April 23.—The reactionary attitude of the Chinese government toward foreigners is creating for them an intolerable situation, which cannot be prolonged.

Promises made by the Tsung Li Yamen (Chinese foreign office) are of no value unless approved by the grand council, a majority of whose members are bitterly hostile to foreigners and foreign influences. Unless some change takes place soon it is believed the powers will remonstrate directly to the emperor dowager.

As an illustration of the ignorance of the grand council, that body has just given its enthusiastic approval to a new invention by the general command of manding the troops in the province of Pa Chi Li, General Kangsu—a sharp, shovel-shaped implement, capable of decapitating an enemy at a single blow. There seems little likelihood that Li Hung Chang will return to power.

While in Capraera their majesties visited the tomb and monument of Garibaldi and the room in which he died. They remained in the apartment a long time, inspecting souvenirs and conversing cordially with Manotti Garibaldi, the son of the famous patriot and with other members of the family. It is said that Signora Canzio, Garibaldi's daughter, addressed to the king before her father's tomb an appeal in his name for clemency to political prisoners. According to the reports King Humbert replied: "My heart is not opposed to clemency, and I shall not fail to seize the first favorable opportunity of acceding to your request."

SPANISH ELECTIONS

Pass Off Tranquilly—Arrest of Suspected Carlist Plotters.

MADRID, April 23.—The senatorial elections for the new cortes were held to-day and passed off tranquilly throughout the country. They have resulted in giving the government a larger majority in the senate than it had secured in the chamber of deputies.

It is reasserted in different reliable quarters, that the attempts of Don Carlos to raise a loan on the security of his Australian and Italian estates have failed.

One of the persons arrested yesterday by the Barcelona police on charge of being implicated in a Carlist plot, describes himself as a general of brigade. The suspect most compromised is Senor Margenat, magistrate of the village of Sardonola. The police seized a quantity of documents, which indicated the intention of the conspirators to raise bands without the authority of Don Carlos. The rifles seized here were of an old pattern.
